

Laticrete and 21st Century Contractor Night

**Food and Drinks provided by 21st Century
Tile/LATICRETE**

Thursday October 12, 2017 5:00 pm

21st Century Tile- 12600 W Silver Spring Dr. Butler, WI 53007

We will be demonstrating

LATICRETE 257 Titanium, PermaColor Select and HydroBan Board

All Steam Shower Ready!!! Let us show you how HBB can improve your Steam Shower installs

257 Titanium: The ultimate, lightweight one-step, polymer fortified, thin-set mortar that is ideal for the installation of Gauged Porcelain Tile Panels/Slabs (GPTP) as well as for interior and exterior installation of ceramic tile, porcelain tile, stone, quarry tile, pavers and brick.

PermaColor Select Grout: is an advanced high performance cement grout that offers the industry's first dispersible dry pigment solution, suitable for joints 1/32" to 1/4". Come see how PermaColor Select & PermaColor Select Unsanded can save you time, money and headaches on anything from large projects to minor touch-ups.

HydroBan Board: HYDRO BAN® Board is a lightweight easy to handle and ready to tile wall board designed to be used in bonded tile or stone installations. It is made with a high-density, waterproof extruded polystyrene core and a reinforced, waterproof membrane on both sides to give triple protection from water and vapor intrusion. **Steam Shower Ready!!!** It's the easiest way to construct a Steam Shower. Latex Modified Mortar preferred!

R.S.V.P

Please take a moment to use one of the below methods and send us your RSVP!
Walk in's are always welcome but an R.S.V.P helps us plan on food/beverage needs.
